PROFILE SUMMARY

I'm Iliyas from Agol, Gujarat, and I have completed my BCA from KSV University. I'm a passionate front-end developer skilled in HTML, CSS, JavaScript, and React. I've built projects like a To-Do List, API-based user data app, and an e-commerce site (GoShope). I'm a take feedback positively, and constantly work to improve through real-world practice.

PROJECT

🚀 Portfolio Website (Explore Now) ↗

- Designed and developed a responsive personal portfolio website using HTML, CSS, JavaScript, and React. It showcases my projects, skills, resume, and contact information in a clean and user-friendly layout.

📝 Project: React To-Do List App (CRUD)

- Built a fully functional and responsive To-Do List application using React. The project implements core CRUD operations, allowing users to create, read, update, and delete tasks dynamically.

👥 Project: User Data Fetch App – React, Axios

- Developed a Built a responsive React app to filter a user list in real-time based on input text. Implemented with React hooks and styled using modern CSS.

🛒 Project: E-Commerce App – GoShope 🔗

- Built GoShope, a modern and responsive e-commerce web app using React. It features product listings from FakeStore API, a functional shopping cart with quantity controls, and cart persistence via localStorage.
