PROFILE SUMMARY

Hello, my name is Sipai Iliyas, and I'm from Agol. I have recently completed my Bachelor of Computer Applications from KSV University. Currently, I Joined a React.js course at Tops Technologies in Ahmedabad. I am passionate about web development and aim to build a career as a skilled front-end developer."

PROJECT

🚀 **Portfolio Website (Explore Now)** ⬈

- Designed and developed a responsive personal portfolio website using HTML, CSS, JavaScript, and React. It showcases my projects, skills, resume, and contact information in a clean and user-friendly layout.

⚡ **Project: React To-Do List App (CRUD)**

- Built a fully functional and responsive To-Do List application using React. The project implements core CRUD operations, allowing users to create, read, update, and delete tasks dynamically.

⚡ **Project: Realtime User Search Filter**

- Developed a Built a responsive React app to filter a user list in real-time based on input text. Implemented with React hooks and styled using modern CSS.

⚡ **Project: User Data Fetch App – React, Axios**

- Developed a Built a responsive React app to filter a user list in real-time based on input text. Implemented with React hooks and styled using modern CSS.
